

This week in Early Years...

Maths focus of the week:

Comparison: we will focus how many are in a set, noticing when sets are equal or unequal. We will reinforce the vocabulary 'more than' and 'less than', applying this when comparing and describing different sets.

Book of the week:

Congratulations!

Baran was our Wombat risk taking star of the week. We celebrated in assembly that he is communicating with adults in the classroom.

Sophia was our Raccoon risk taking star of the week. We celebrated in assembly that she is beginning to independently write sentences.

Lennon was our Wombat writer of the week; with support he segmented and wrote the label "cheese" and heard other initial phonemes.

Miley was our Raccoon writer of the week; she has been independently writing initial phonemes during drawing club.

Monday maths: Our shape, space and measure focus this week is 'talking about time'. We will begin with listening to the story 'Five Minutes Peace' by Jill Murphy. We will then explore what can be achieved in one minute and how much time passes when toasting a piece of bread!

We are looking forward to sharing your child's achievements and next steps during our parent consultations this Tuesday and Wednesday after school.

Yo ho ho!

Pirates assemble at 8:45am on Wednesday.

The tide waits for no scallywag!
