

# This week in Early Years...

## Maths focus of the week:

Composition: we will be exploring the composition of 5; understanding that 5 can be made from 3 and 2 and using practical tasks to 'see' this. We will be using the song 'Five little speckled frogs' to act out how many frogs are on the log and how many are in the pool.

## Book of the week:

## Congratulations!

**Leo** was our Wombat risk taking star of the week. We celebrated in assembly that the risks he is taking in reading groups is paying off to increase his confidence and blending skills.

**Gracie** was our Raccoon risk taking star of the week. We celebrated in assembly that she is being brave when working on her own individual targets.

**Kobe** was our Wombat writer of the week; with support he segmented and wrote labels on the pirate picture.

**Sophia** was our Raccoon writer of the week; she independently wrote a sentence "the flag is waving."

## Pirate

hairdressers: We have introduced a new role play which has been enjoyed by many! So many skills are being applied while the children care for the pirate's mophead hair.

## Hoarding competition:

Pentaco, the company that are building our new school, would love the children to design posters that they can display on the hoarding on our new school site. They will choose a winning design from every year group and the winners will get to visit the building site, see the new school building and their designs will be displayed on the hoarding. The theme is 'what makes LCPS a great place to learn?' Entries need to be handed to the class teacher by 02.02.26.

**Monday maths:** Our shape, space and measure focus this week is 'exploring height'. After reading Jack and the Beanstalk the children will be measuring and recording their own heights using the vocabulary compare, shorter, taller, height. Maybe your family could compare heights this week at home?
