

This week in Early Years...

Raccoon Balance ability: We have whole school and class photos on Friday this week. Please provide trainers for your child to change into this week so that they are wearing their school shoes in the photograph. Thank you 😊

Congratulations!

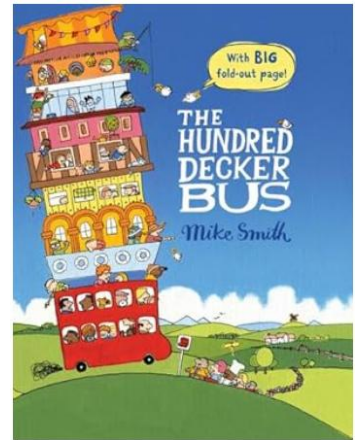

Markus was our Wombat respect star of the week. We celebrated how he is consistently respectful and a great role model for others.

Finn was our Raccoon respect star of the week. We celebrated how he demonstrates the school rules.

Theo was our Wombat writer of the week for his sentence writing.

Lucy was our Raccoon writer of the week for applying phase 3 phonemes when writing.

Book of the week:

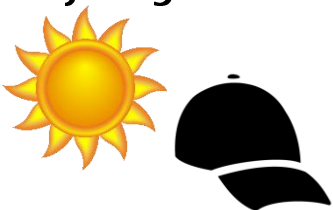

Please remember to bring your best smile and full school uniform for our school photos this Friday. We will have our picture taken first before the fun of the day begins!

The week's overview:

Understanding the World	Art	RE
What is different about life in other countries?	How can we use natural objects to create a landscape scene?	What is a caretaker? How can we take care of something precious?

Please remember to provide a named sun hat everyday for your child.

Number focus: Counting beyond 20. We will focus on the logical number system that we use once we count beyond 20. To develop familiarity with the structure and pattern we will experience lots of counting these larger numbers.

We had such a positive trip to the beach yesterday. The lady who sold the ice lollies commented on how polite and lovely the children were when interacting with her. It was so lovely to see them shine in a different environment.
